This offering is 2 contiguous parcels being 467 acres in Va Beach, Virginia and 266 acres in Currituck Co, North Carolina. Listing price includes both with the contiguous acreage totaling 733. The Virginia acreage, located in the Blackwater area of Va Beach has road frontage on Baum Rd and is easily accessed by this city maintained paved road. The NC acreage is located in the Gibbs Woods section of Northern Currituck County and accessed from the NC side via an easement off W Gibbs Road. The Virginia tract is enrolled in the Agricultural Reserve Program (ARP) which is a conservation easement that restricts development, the NC acreage is zoned Single Family Isolated, and that it is. These tracts are offering the opportunity for a buyer with the vision to create a wildlife mecca! The right vision, and then implementation can nurture this property into a "hot spot" for big game such as deer, turkeys, and bear as well as numerous types of waterfowl. All have been spotted on these properties. A game management program and some strategically placed food plots and/or impoundments can create a hunting paradise. What an excellent opportunity to get off the grid but still be within 20 minutes of Chesapeake and Virginia Beach This is an opportunity to create one the most special recreational retreats in this part of the world. Especially if you consider the equestrian opportunities. There are approximately 11 miles of established interior road system and ditching. This property is bound to the south and west by 1267 acres of the Northwest River Marsh Game lands. To the west, just a bit, there is also 2,000 acres +/- of VA conservation lands and other municipally owned areas. To the east lies Nature conservancy lands, the North landing River area, and then Back Bay. This property is practically surrounded by waterfowl flight paths. There's roughly 70 acres of seasonally wet woods. The overwhelming majority of acreage contains excellent upland soils. There is 70 acres of 20-25-year-old pines ready to harvest with the remaining timber acreage mostly 11-year-old planted loblolly pines which at maturity will provide a significant timber harvest income. Schedule a showing today for this rare opportunity.
